## MASTERING YOUR MEMORY

The human brain possesses an incredible amount of power to store and recall information. Unfortunately most people are never taught how to fully access this ability. In this fun and highly engaging training program you will learn unique and exciting methods to increase your memory skills to extraordinary levels. Most importantly, discover how to use these new skills in daily life. Instantly recalling people's names, giving presentations without notes, and improved mental organization are just a few of the practical benefits from this intriguing program. Tyler delivers the training in energetic fashion with no notes or PowerPoint to encourage maximum audience participation and to impart as much value as possible to all who attend.

**Tyler Enslin**

### *Professional Keynote Speaker*

As a full time speaker, Tyler has had the privilege to present at over 800 live events in the last six years. From the age of 17, when he started his first successful

business, he realized that his favorite part of any day at work was helping people. That principle took on new meaning in 2012 when Tyler joined a national training company where he soon became top sales person. Eventually, he went on to hold the positions of Regional and National Director. In January 2018, he launched Tyler Enslin International where he works full-time at his mission: providing lively, engaging, and practical keynotes to audiences across the country. Tyler has received outstanding recognition by those in his audience, which has enabled him to work with State and National agencies across the country.
